

Sixth Special Master Report (Filed Jan. 14, 2008)

Area	Compliance	Source	Page
MENTAL HEALTH			
Policy for Self Harming Youth	Substantial	"DJJ finalized its policy for the management of youth who are thought to be at risk of self-injurious behavior."	1
Mental Health Policies	Non	"[DJJ] has completed a reasonably comprehensive table of contents for mental health policies... on the other hand, DJJ has yet to provide a timetable for the development of these policies."	3
Management	-	"It has a cohesive, motivated and productive mental health services management team."	4
Staffing	Non	"it has not assigned a senior administrator... to oversee and direct implementation of [the mental health remedial plan] and its coordination with other remedial plans."	4
Staff Training	Non	"DJJ has not established a dedicated mental health training team consisting of at least three licensed clinicians, an instructional designer and an office technician."	4
Interdisciplinary Work Groups	-	"The mental health experts note improved interdepartmental and interdisciplinary integration and communication at the central office level."	5
Organizational Structure	Partial	"DJJ has not propounded a complete central office organizational chart nor has it instituted a protocol for the protection of clinical autonomy in the event of conflicting interests and needs."	5
Licensed Bed Care	Partial	"DJJ has not yet filed the appropriate written plan to address deficiencies in licensed bed capacity, including a reasonable implementation schedule, as the mental health plan requires."	8
Mental Health Tracking System	Partial	"DJJ has been delayed in the development of a system to track data and information showing utilization of and need for mental health residential and licensed beds."	9
