

BEHAVIORAL HEALTH CLINICIAN

The Center on Juvenile and Criminal Justice (CJCJ) is a private non-profit organization whose mission is to reduce society's reliance on the use of incarceration as a solution to social problems. We do this through the provision of programs to persons facing imprisonment, education efforts about imprisonment and its effect on people, and technical assistance to entities wishing to establish and/or evaluate programs working with those facing imprisonment. For more information, visit our website at www.cjcj.org.

CJCJ is seeking a dedicated and energetic hourly clinician who will provide community-based mental health services and will carry a caseload from both of the programs listed below:

Intensive Home Based Supervision (IHBS) is a neighborhood based multi-service intervention and treatment program for high risk, repeat offenders who have been returned to their homes and communities on juvenile probation. The program centers on community involvement and the coordinated delivery of community services.

CJCJ, in collaboration with Seneca Center, provides **Wrap-around services** to youth and families for the purpose of building a safer and more stable and supportive home environment for juvenile justice involved youth, returning to the community or at-risk of out of home placement. The Wrap-around Service Model is based on set principles of care which are aimed at stabilizing a youth and family by providing direct clinical interventions and pulling formal and informal supports together for the common purpose of addressing safety concerns, chronic and acute mental health needs, and other identified needs which present as barriers to a client being successful in their community.

Minimum Qualifications:

- Master's Degree in Social Work, Psychology, or related field, licensed by Board of Behavioral Sciences or registered interns (MFT, AMFT, MFT trainee, or ASW).
- Experience providing individual, group, and family therapy as well as clinical case management services.
- Experience working with juvenile justice involved youth and families.
- Familiarity with the juvenile justice system.
- Familiarity and commitment to harm reduction and strengths-based approaches, and the Child-Family team model.
- Willingness and ability to provide mental health and support services in a non-traditional, community-based setting.
- Excellent communication (written and verbal) and organizational skills.
- Adaptable and flexible with a commitment to CJCJ's mission.
- Possess and maintain a valid California Driver's License and maintain access to a registered and insured vehicle to use in carrying out your job duties.
- Must be able to pass background check for working with youth.
